Dear Rodney,

RE: Request for Proposals [UE-DZA-N-17-001] – Notting Hill Supply Area Non Network Options

Thank you for the opportunity to provide this non-network submission for the United Energy (UE) Notting Hill supply area regulatory investment test.

EDL in conjunction with partners has identified a solution that is capable of providing the required capacity to defer the network solution for many years into the future.

The proposed solution offers a combination of new generation, demand response and load transfer capacity for the Notting Hill supply area.

EDL looks forward to collaborating with you on this important project.

Yours sincerely,

Jeff Nitsch
