

Request For Connection Services Offer

United Energy (UE) engages Downer and ZNX as its authorised contractors in the southern/northern region of the UE network respectively to carry out the design, construction and project management activities on UE's behalf.

I/We request that UE to prepare a budget/formal proposal to provide electricity supply for Rural/Residential/commercial purposes to my property. (Select requirement by crossing out underlined choices)

BUDGET ESTIMATE United Energy will Provide customers a budget estimate for connections services at no charge. This offer will provide an indicative range of cost based on estimated design and customer loading assumptions.

FIRM OFFER To prepare a binding offer/quote a project fee is required as an upfront contribution to enable detailed design assessment and preparation of a fixed price offer.

This fee will act as a deposit towards any final contribution required for connection services and will be non refundable should the offer not be accepted and proceed to a final connection.

Project Fees vary depending on the type and scale of project and can be verified via United Energy's customer projects team. Fees should accompany this form.

Assistance to complete this form can be obtained from any United Energy Office

Customer (full name)

Legal Entity (whom contract made with)

Postal Address

Postcode
