

NEW CONNECTION < 100 Amps Non-Energised

Do not use this application form for:

- A new connection which is required to be left energised (turned on) –
Contact a retailer of your choice to apply for these connection services.
- Additions and alterations to an existing connection –
Contact your retailer to apply for these connection services.

For a new connection which is not required to be left energised (turned on) complete this application form and return to United Energy.

Note: United Energy will energise the new connection after receiving a request for energisation from an electricity retailer of your choice. Information to help you choose an electricity retailer may be found on the Victorian Government Your Choice website at www.yourchoice.vic.gov.au/general-information/choosing-a-retailer

NEW CONNECTION < 100 Amps Non-Energised

Acceptance of Model Standing Offer

I accept United Energy's Model Standing Offer/s** terms and conditions and would like United Energy to process this connection application including the payment advice and carry out the works without sending me a written offer.

Customer's Signature: _____ Date: _____

*** If you are requesting a new connection with micro embedded generation, both the Basic model standing offer and the Basic with micro embedded generation model standing offer apply.*

To view United Energy's Model Standing Offers for Basic Connection Services, visit our website at:

www.unitedenergy.com.au

OR

Require Written Offer

I would like United Energy to send me an offer for the connection service.

Customer's Signature: _____ Date: _____

For United Energy to process your application the following are required to accompany this form:

- A Electrical Works Request (EWR) form as supplied by your Registered Electrical Contractor and
- A Certificate of Electrical Safety (CES) as supplied by your Registered Electrical Contractor and
- A Solar Connection form, if applicable.

Please return the completed and signed application and accompanying forms (keeping a copy for your reference) to:

Mail: UE Connections, Locked Bag 238, South Melbourne, Vic 3205

E-mail: ueconnections@ue.com.au

Next Steps:

If requested United Energy will prepare and send you an Offer letter.

When United Energy receives your acceptance of its offer we will arrange for the installation of the non-energised (turned off) connection.

Before we can energise (turn on) the connection you are required to enter into a contract with an electricity retailer of your choice and request for them to raise an energisation request for your connection. Information to help you choose an electricity retailer may be found on the Victorian Government Your Choice website at

www.yourchoice.vic.gov.au/general-information/choosing-a-retailer

For further enquiries, please contact our Service Desk on **1300 131 689**

(Monday to Friday, 8am to 6pm).

Electrical faults or emergencies **132 099** (24 hours)

Language assistance (24 hours)

For languages other than

English **131450**
